Extract from order and letter received from Calgary, Alta., Canada:

"Last year I tried another seed recommended as the largest and best pansy grown. The result was about 50% of the size and color that I had with yours of the previous year."

Through the years we have received hundreds of similar letters in praise of the Oregon Giant Pansies.

## DELPHINIUM SEED

THE PACIFIC STRAIN is pronounced by experts to be the most striking advance in Delphinium hybridizing in recent years, and has brought fame to its originator, Mr. Reinelt. These fine Delphiniums will add much beauty to your garden. Many of the florets are very large and exquisitely beautiful. We predict a great future for this strain.

Per packet, \$1.00.

THE WREXHAM STRAIN produces a large proportion of very superior plants from seed. They produce tall, well shaped bloom spikes with very large florets, many of them being double. The coloring is extremely beautiful with wonderful and varied combinations of delicate shades, blue, lavender, white, cream, silver, dark purple.

Wrexham Seed all sold till next summer.

FOR EXCHANGE—We can often use musical instruments and typewriters in exchange. Let us know what you have for exchange and what you want in bulbs.

# REGAL LILY BULBS "Lilium Regale"

**Lilium Regale.** The most popular of all the lilies. Large, white, very hardy, very fragrant, tall, and does well almost anywhere. We have probably a million bulbs in various sizes of this variety growing on our bulb farm, but we anticipate a shortage again this year in the largest sizes. Even so, we are prepared to fill a good many orders

Regal Lily Bulbs	3-4 ins.	4-5 ins.	5-6 ins.	6-7 ins.	7-8 ins.	8-9 ins.	9-10 ins.
Per 100	\$1.50	\$3.00	\$4.00	\$6.00			
Per 1000	7.00	21.00	28.00	42.00			

Small Regal bulbs, field-run, first year from seed, \$2.50 per 1000. Stem bulblets, \$2.00 per 1000.

Regal Lilies 8½ feet tall, only four years from seed

We are indebted to Mrs. H. C. Hunt of Elk Grove, California, for this photo of fine Regal Lilies. She says many of these are 8½ feet tall and were grown in four years from seed.

**We offer**  
**Regal Lily Seed**  
**2 ozs. for 50c**  
**Half pound, \$1.50**  
**Pound, \$2.50**

Regal Lilies are measured by circumference; Glads by diameter. Bulbs are priced f. o. b. Canby.

**Small bulbs, field-run, first year from seed, \$7.00 per bushel**  
**Small bulbs, field-run, stem bulblets, \$6.00 per bushel**

By planting small bulbs, you save much in expressage, and can soon have them blooming in large quantity at small cost. Stem bulblets are the small bulbs which form underground and at the base of the stems, growing from the larger bulbs. In the results obtained, we see but little, if any, difference in the planting of seedlings or stem bulblets. These small bulbs should be planted about four inches deep, and the larger bulbs six to eight inches, or even deeper for the very largest bulbs. Plant in any good garden soil and avoid fresh fertilizers. Drainage should be good. If you want the best flowers, give good cultivation and some irrigation. A good mulch will take the place of cultivation. In storage, keep the bulbs in a cool place in dry peat moss. In the colder climates it is best to plant Regal Lily bulbs very early in the fall so they can get established before winter, or hold them in cold storage at about 32 to 34 degrees Fahr., and plant in the spring.

## Tenuifolium Lily

This is a bright scarlet lily, very popular, and very hardy, being a native of Siberia. It is easily grown, is dainty and a very fine lily. With us it grows from 2 to 3 feet tall and has many florets to the stem. It blooms quite early, usually in June. This lily is quite useful for cutflowers, the buds blooming clear to the tip. It blooms well from quite small bulbs; the seeds and bulbs are not nearly so large as those of the Regal Lily. Plant 4 to 5 inches deep.

First size bulbs: 10 for \$1.00  
Medium size bulbs: 10 for \$0.65, 100 for \$5.00.  
Seed per oz., \$1.25; per pound, \$13.00.

**Matilija (Romneya Coulteri).** A wonderful perennial producing large white flowers with orange center all through the summer. The flowers are of delightful fragrance and are delicately fluted and frilled. They are nearly six inches across and borne on strong stems from 4 to 8 feet tall. A fine cutflower or for landscape use.

Strong roots, \$1.00 each. Special, 2 for \$1.01.

**SAFE DELIVERY GUARANTEED BY EXPRESS—Write for Special Quotations and for Quantity Prices**

All bulbs in this Bulbalog are priced f.o.b. Canby, or cash and subject to prior sale. Please do not send bulb orders for less than \$2.00. We pay boxing and packing, you pay transportation. Usually we include over-count and gratis bulbs of more value than the amount you will pay for transportation. Please designate second choice and whether you wish money returned in case of shortage. Otherwise we may substitute with similar or better varieties.

# TULIPS--Order at Once

**Notice:- Orders must reach us by Nov. 10th for  
Tulips, Daffodils, Dutch Iris, Grape Hyacinths**

Very soon after November 10th we will be planting our remaining stock, if any, of Tulips, Daffodils, Dutch Iris and Grape Hyacinths, so orders for these should reach us by that date. Holland shipments are not to be had this season, hence there is a big run on the bulbs grown in this country. So as not to delay shipment, please designate second choice; otherwise we will substitute with a similar or better variety unless you ask that money be returned in case of shortage. Most of the Tulips listed below will run from 10 to 12 centimeters, known as Large size, and should bloom well this season. All the bulbs we list are grown here on this coast and many say they are better than the imported ones.
